Objective

Total 4.5 years and relevant to ABAP Consultant 3 years of SAP R/3 Material Management, Sales Document and Plant Maintenance module experience in version (ECC 6.0, ECC 4.6, ECC 7.3).

I have 2 full life cycle implementations and 2 post go-live support projects experience. Worked on ECC to HANA migration projects.

Interacted with Subject Matter Expert (SMEs), Business Process Owners(BPOs), Business champions, Project Management office to design Business Blueprints and formulate the fit-gap analysis.

ABAP experience includes designing technical specifications documents. Experienced and worked on RICEF concepts involving all types of reports (Classical, ALV and Interactive), Interfaces, Conversions, Enhancements, BADIs, BAPIs, RFCs, Function Modules, BDC and OData. Extensive experience in all phases of testing and debugging, from Integration,Unit, User acceptance and regression testing.

Proactively supported as functional supplier also to improve process quality, reduce and resolve open tickets and improve overall cycle time.
